

**Community Living Kawartha Lakes  
is hosting a  
Full Day Workshop  
With**

**Heather Forbes LCSW, Author of “Beyond Consequences, Logic, and Control, *A Love-Based Approach to Helping Children with Severe behaviours*”**

Heather is an internationally published author, with her most recent book titled, *Beyond Consequences, Logic, and Control: A Love-based Approach for Helping Attachment-Challenged Children with Severe Behaviors*. This book, endorsed by Sir Richard Bowlby, son of the late John Bowlby (considered to be the father of attachment theory), has helped families work through severe behaviors.

Heather is a nationally recognized speaker. She trains professionals in the field of child welfare, mental health professionals, and parents raising children with severe behaviors. Heather delivers a message that is life-changing with a lecture style that is emotionally impactful, dynamic, and captivating. Foster care agencies and child welfare agencies around the country have seen the value of utilizing Heather as a trainer for their staff and families.

“My program empowers caregivers to have the ability to respond to children, instead of reacting to behaviors. Moments that used to be full-blown moments of anger, resentment, and defiance, now have the potential to be moments of interactive healing, connection, and relationship building.”

This training will examine the impact of life experiences on a child's emotional development and will offer a new understanding of children's challenging behaviors. When traditional parenting/caregiver techniques and consequences failed in the past, what other options do you have? Heather T. Forbes, LCSW will give you a fresh perspective that goes beyond those ineffective traditional approaches. And rest assured, this training goes beyond just talk; effective techniques will be identified and clearly demonstrated. A single day at this training will equip you with life-long tools for connecting with your children. You will see your children in a whole new light!!!

**Full Day Workshop: Tuesday December 8, 2009**

**Moose Lodge  
10 Moose Rd  
Lindsay, Ontario**
