

**Beyond Consequences: Helping Children Heal**  
**Wednesday, March 3, 2010**  
**Twin Falls, ID**

**Daytime Session**  
(Professionals & High Level Experience Foster Families)

**8:30am – 9:00am**      *Registration and continental breakfast*

**9:00am – 12:00noon**    *Beyond Consequences: Helping Children Heal*

*The course will examine how stress and trauma affect a child's ability to regulate behaviors and how history of trauma compromises a child's ability to respond and develop reciprocal relationships. Participants will gain an understanding of brain development, from conception on, and how the nervous system is affected by trauma. Memory, emotions, and stress are elements that will be discussed as they pertain to many of the common childhood mental disorders such as RAD, ADHD, ODD, and childhood depression.*

**12:00noon – 1:00pm**    *Lunch (on your own)*

**1:00pm – 4:00pm**      *Training continued*

*Effective options for children and families that go above and beyond traditional cognitive behavioral techniques in order to create healing homes for families with wounded children will be discussed in depth. Parenting strategies that are needed in creating healthy homes will be identified and demonstrated.*

**Evening Community Program**  
(Open to the community)

**7:00pm – 9:00pm**

*This session will be an overview of Beyond Consequences. The evening session is designed for parents, teachers, community members and those unable to attend the daytime session. There will not be a charge for the evening session. Certificates of attendance will be provided. CEUs will not be available for the evening session.*
